Title	Story Time Etiquette for adults and children.
--------------	---

1. Please sign in and make a nametag, one name per line! We need to know how many people attend so we can keep our Story Times going!
2. No cell phones! Please turn off your cell phone when you enter the library.
3. Participate! Adults are welcome to join in, listen and help, (especially with the crafts). This is also a chance for your child to find out what will be expected of them in school. It's their first small step to independence. If you feel comfortable, step away from Story Time (but stay in the library!) and let your child get used to being without you.
4. Keep chatter between adults and other children away from our Story Time please. We have such a small space; any outside conversation near our Story Time is a distraction. This has become a BIG problem in the past! Please be considerate.
5. If the child is not interested in listening today, that's fine. We would rather he/she go look for a book than disturb the pleasure of the other children.
6. Please only bring ears to our Story Time! Puppets and other toys can come join us, when invited.
7. Finally, some Library etiquette: Watch your child. Teach them that the books are organized and shouldn't just be dropped on the floor or shoved back just anywhere. If you don't want to take a book home with you, just put it on the table or a cart up front. The Library is for everyone. Please be considerate of others.
